

# Write and Record with the Smartpen: A Case Report

PNC/MLA 2011

Susan Barnes, Assistant Director

NN/LM Outreach Evaluation Resource Center

University of Washington

# The Livescribe Smartpen is a computer in a pen.

Use the Smartpen to take notes and record simultaneously, then play back.

book that, investigated others from associations  
beginning emergency preparedness program for mgs  
developing a workshop, 10 steps plus enhancements  
their own brochure  
we created class with chris page, MHA CE credit  
first responder project - WISER train  
volunteer for CERT, will teach ICS 100 & 700  
incident command system, FEMA requires it  
we're doing that at our institution to get  
ICS cert of course, library came out well because  
had used dBase system, had taken online  
FEMA ICS courses, six or seven of them  
: 300 face to face, with firemen, need people  
who know what they're doing, just command them
